You can customize the dashboard to suit your needs.

In the Farm<sup>IQ</sup> enterprise dairy pack you can display a summary of milk production statistics.

To turn on the Dairy summary, click the **Set links cog**...

vailable information	Selected	
<mark>Dairy summary</mark> Farm plans	<ul> <li>Quick links</li> <li>Today</li> <li>Upcoming tasks</li> <li>Weather</li> <li>Web links</li> </ul>	A
	Y	*

...select **Dairy Summary** then click to move to the **Selected** box.

Click OK.

To add a new dashboard report, click the add a Dashboard report icon.

Add dashboard report	×
Stock Land Dairy H&S	
Animals milking	
Dairy stock count	
Calving spread	
Dairy - feed consumed	
Dairy - feed vs milk production	
Dairy - total production	
Milk disposal	
Milk production	
Somatic cell count	
	Cancel

Then select the type of report to add.

Click **Next**.

Add dashboard report		×
Title <b>*</b> Dairy - stock count		A
Mobs * 4 of 4 selected  Check all  Uncheck all		
<ul> <li>Herd 1 (Milking)</li> <li>Herd 2 (Dry)</li> <li>Herd 3 (Milking)</li> <li>Sick cows (Hospital)</li> </ul>		
	Cancel Back	•

Enter any extra information required to customise the report

Once completed, Click **OK**.

You can click and drag your dashboard reports to reorder them.

You can edit what information reports display by clicking **Settings** and updating the parameters.

On some reports, you can drill down to more details

Some dashboard reports are tied to more comprehensive reports available in other places, such as the Report centre. You can launch the full report by clicking the Launch icon.

This will take you off the dashboard and to the full report.

Click **Dashboard** to return.

You can set up quick links to activities in Farm<sup>IQ</sup>.

Click Configure links.
