The screenshot shows the FarmIQ dashboard for 'North Farm'. The top navigation bar includes 'Stock', 'Land', 'People', 'H & S', and 'Office'. A 'Configure links' menu is visible with options for 'Health treatments', 'Record weights', 'Chemical applications', and 'Purchase'. The main content area features a 'Sales' bar chart showing 'Animals sold' for months J, A, and S. To the right is a 'Stock count' table with columns for 'Stock class', 'Quantity', and 'Stock units'. The table lists 'Bull Calf' (200, 900), 'R2 Bull' (82, 451), 'Mixed age Cow' (55, 330), 'Mixed age Bull' (88, 484), 'Cattle' (425, 2165), and 'Mixed Age Ewe' (123, 123). On the far right, a weather widget displays the date 'Wednesday 19 September 2018', a clear sky icon, and a 5-day forecast with temperatures ranging from 4.9°C to 20.2°C.
